They often accompanied both vocal and instrumental music, serving as a bridge between music and movement.

Evolution of Instrumental Dance Music

During the early Middle Ages, dance music was primarily transmitted orally, with musicians improvising or adapting traditional tunes. However, from the 12th century onward, there was a growing trend toward notation and formalization of dance forms, leading to the creation of written collections. These collections, later compiled into printed editions, preserved the melodies and dance structures for future generations.

The Role of Manuscripts and Early Printed Editions

Key sources of medieval dance music include illuminated manuscripts, such as the Chansonnier du Roi and the Harley Manuscripts, which contain numerous dance tunes. The advent of printing in the late 15th and early 16th centuries, notably with the publication of dance music collections like The Basse Dance and The Pavane, made these works more widely accessible.
