This article provides an in-depth overview of key concepts, exam tips, and strategies to help you excel in your IB Geography assessments.

Understanding the IB Geography Curriculum

Before diving into specific topics, it?s crucial to understand the structure of the IB Geography course. The curriculum is divided into core themes, options, and internal assessments, each designed to develop a well-rounded geographical understanding.

The Core Themes

The core themes form the foundation of IB Geography and are mandatory for all students:

- **Population in Transition:** Examines demographic changes, population policies, and migration patterns.
- **Disparities in Wealth and Development:** Focuses on economic development, inequality, and sustainable development goals.
- **Geographical Explorations:** Explores geographical research methods, fieldwork, and data analysis.

Options

Students select one option from the following to study in depth:

- Urban environments
- Changing cities
- The changing space economy
- The environment and society
- Web of interactions: superpowers

Internal Assessment (IA)

The IA involves conducting a geographical investigation, usually based on fieldwork, and presenting findings in a report. It accounts for 20% of the final grade, emphasizing practical skills.
